

Stopcocks ~ Taps, Traps and Toilets

What is it?

A training course specially designed for Stopcocks Women Plumbers Franchise holders who wish to specialise in repairs to taps, traps and toilets. The scope is specific to these areas and has been developed to enable you to begin earning as quickly as possible, even while you undertake additional training at college should you wish to.

What does it cover?

There are so many different products on the market these days. The training looks at as many of them as possible as well as teach some 'tricks of the trade', things to look out for and tell tale signs that will enable you to understand, diagnose, install and repair;

Kitchen sink taps (pillar, deck and mono bloc)
Bath taps (mixer, shower mixer, single)
Basin taps (monobloc mixer, single)
Outside taps

WC flush valves (syphons, dual flush)
WC flush mechanisms (handles, push button)
WC fill valves (ball, adjustable, equilibrium)
WC seats (selection, fitting and adjusting)

Kitchen sink traps
Basin traps
Bath traps

Also covered;
Health and Safety in people's homes
Use of tools
Problem solving and pitfalls
Different systems and how to turn off water supplies
Isolating systems, and isolation valves (types and installation)
When to walk away

How is it run?

The course runs over a total period of 3 months and comprises;

1 week classroom/workshop learning
2 weeks experiential learning in real life situations
5 fortnightly webinars (evenings for 45-60 mins) with online study in between
Written and practical tests

What do you get at the end?

Certificate of completion
Beginners toolkit and some spares
Workbook and resource list including useful websites, videos, and suppliers

What does it cost?

£1,500.
The course is only available to Stopcocks Women Plumbers Franchise holders and those who will become franchise holders once completed.
Payment in full before commencing. Terms and conditions apply.

Stopcocks ~ Taps, Traps and Toilets
