

Bursaries

Thanks to a donation by a generous supporter of Stopcocks we're able to provide two bursaries in London and one in Lancashire for the right women to join Stopcocks as franchisees.

We're specifically looking for a plumber and a heating engineer or two women who are plumbers and heating engineers for different parts of London and one plumber or heating engineer in Lancashire.

There are customers waiting in all these regions.

To enable us to help three women to join the Stopcocks Franchise this donation is providing three bursaries to cover 30% each of the Franchise Fee at the Get Me Started level.

Please read the Join Us section and other parts of the Stopcocks website thoroughly to familiarise yourself with the company, its ethics and aims and to make sure you're a good fit to buy a Stopcocks franchise.

This donation has been made to support the work of Stopcocks Women Plumbers the company, enabling Stopcocks to increase the number of women plumbers and heating engineers providing excellent services to householders.

To find the right people we have a simple two stage process;

- 1) complete this application form
- 2) attend an interview

The three successful applicants will be invited to join the Stopcocks Franchise and benefit from the bursary towards the franchise fee.

Application For Bursary

Name

D.O.B.

Address
